

CLASSIC SPORTS CAR RACING (GROUP S)

HAS ITS OWN TEAMAPP

To help members stay in touch with what's happening in our club we introduced the Classic Sports Car Racing (Group S) TeamApp.

Follow these simple steps:

- 1) Firstly download the Team App to your smartphone or tablet from the App Store (iPhone) or Google Play (Android)

- 2) To register only takes a minute, **SIGN UP** with your current email address, create a password, enter the details where prompted then check your email for confirmation.
- 3) You will have been sent an email to confirm your registration was successful.
- 4) Now you can **LOG-IN** and search for **Group S Racing**
- 5) Choose your access group (**Driver**)
- 6) You're done.
First thing we would like is if you can create your **Driver's Profile**. Please follow the instructions on the next page of this pdf.

If you don't have a smartphone you can SIGN UP via the website: groupsracing.teamapp.com

This is best done via the Team App website.

With the driver profiles it would be great if we can keep a uniform layout for all drivers. I've attached a screen shot of the format here to help guide you.

Extended bio ?	Vice President Group S Racing. I had been driving cars and karts at club level for a number of years before joining Group S Racing. While a very keen Porsche enthusiast, I'm passionate about all forms of motorsport - especially Historic and F1. Infamous for my oversteer driving style, I was often seen drifting my short wheel base 911 on the limit, a new challenge in the 2017 season sees me bringing the big front engined V8 928 to the track - still sideways....!!!!
